Application For Plan Review And Building Permit

329 W. Main Street

Lexington, IL. 61753

For questions, call: 309-825-8215

Permit Procedures For New Construction, Additions, and Alterations

Submit Plans: To obtain a building permit, a complete set of plans must be submitted to this office. This requirement shall apply to all new construction, additions, and structural alternations. All new construction, additions and structural alternations must meet all building code requirements of the City of Lexington. Below is the list of information necessary for plan approval.

- Foundation plan, floor plans, elevations as requested, and wall sections
- Foundation, wall and roof construction type
- All pertinent dimensions
- Door and window sizes and locations
- Other information as required by this department.

Site Plan: A site plan must be submitted for every type of construction. Below is a list of the items which must be included with the site plan:

- Subdivision, lot number, and the common address
- All lot and building dimensions, all setbacks from property lines
- Driveway width and location, air conditioner and deck or patio location
- All existing structures, lot drainage information
- Other information as requested by this department

Plan Review: The City of Lexington follows the International Building Code (IBC) and National Electrical Code (See current city code for additional information www.lexington.org). After plans are submitted, a building and zoning review will be made. The permit holder will be responsible for comments made and/or changes requested in the review.

Site Inspection: It is the applicant's responsibility to locate the lot pins and to mark the area where the proposed structure will be located. (A survey may be required if your lot pins cannot be located.)

Permit: To obtain a permit, the applicant shall supply this department with the following information: general construction, electrical, plumbing and H.V.A.C. including costs. These costs are to be based on fair market values for material and labor. The estimated value or EAV must also be included. Scope specific forms such as: demolition permit, electrical permit, grading & drainage permit, moving permit, new sewer application, plumbing permit, and street cut permit can all be found online at http://www.lexington.org/economic_development.htm

Fees: All applicable fees shall be paid at the time the application is submitted.

CONSTRUCTION, ERECTION OR DEMOLITION, OF ANY BUILDING OR STRUCTURE CANNOT BEGIN UNTIL A PERMIT HAS BEEN APPROVED AND ISSUED BY THE CITY OF LE ROY BUILDING DEPARTMENT.

THIS PERMIT EXPIRES ONE (1) YEAR FROM DATE OF ISSUE
